**AMPUTEE TRANSCONTINENTAL BIKE RIDE
ARRIVES AT HEALTHSOUTH**

COLORADO SPRINGS, Colo. – Amputees Across America, a group of amputees making a transcontinental bike ride, will arrive at **HealthSouth Rehabilitation Hospital of Colorado Springs at 9:30 a.m. on Friday, June 18, 2010**. A welcome reception will be held in honor of the cyclists who are riding in relays across the United States and visiting hospitals to increase public awareness of amputees as people with active lifestyles.

While in Colorado Springs, Amputees Across America members, Dick Fate, John Cool and Abel Cruz, will visit HealthSouth patients and participate in an adaptive technology fair. This will include a cycling clinic, kayaking clinic, a wheelchair basketball demonstration, tandem bike ride demos and a drumline demonstration.

“We are delighted to host Amputees Across America at our hospital,” says Steve Schaefer, HealthSouth Rehabilitation Hospital of Colorado Springs chief executive officer. “This visit provides an excellent opportunity for our patients as well as our community to see first hand that no physical disability should keep anyone from living an active lifestyle.”

This is the ninth year AAA has made a cross-country journey. The riders departed on June 2, 2010, from HealthSouth Tustin Rehabilitation Hospital in California. To reach their final destination at HealthSouth Treasure Coast Rehabilitation Hospital in Vero Beach, Fla., on July 26, 2010, the group will travel 3,500 miles and stop at 20 HealthSouth Rehabilitation Hospitals in less than 60 days. For more information about this year’s journey and the riders who make it possible, visit www.healthsouthcoloradosprings.com.

HealthSouth Rehabilitation Hospital of Colorado Springs is a 58-bed inpatient hospital that provides a higher level of rehabilitative care to patients who are recovering from stroke and other neurological disorders, brain and spinal cord injury, amputations and orthopedic, cardiac and pulmonary conditions.
